

CITY AND COUNTY.

—Excursion tickets on all the railroads to-morrow.

—Mrs. Isola Otis, of Peru, is visiting friends in this city.

—Miss Lou Dickson, of Indianapolis, is visiting friends in the city.

—Ed. Taylor and wife, of Goshen, are spending a few days in our city.

—Brick-laying on the First National Bank building commences this week.

—The I. P. & C. railway will sell half-fare excursion tickets between all stations, July 31st.

—Judge Corbin and family have gone to Max-nuckee to remain during the heated term.

—C. T. Mattingly is visiting in Winnebago county, Iowa. He will be gone about four weeks.

—Weather hot, farmers are all harvesting, town quiet, local items almost as scarce as hen's teeth.

—A new floor and other improvements at the P. Ft. W. & C. depot adds much to its appearance.

—Theodore Cressner left Tuesday night for Little Rock, Arkansas. He will be gone a week or ten days.

—The great temperance camp meeting which commences at LaPorte July 15th, will last six weeks.

—The jury in the case of Aultman & Co. vs. Wise & Wise, of Bremen, decided in favor of Catherine Wise.

—There was a surprise party at Charles Willard's, Monday evening, in honor of "Vola" Willard's fifteenth birthday.

—John C. Patterson has bought a lot on Center street, opposite J. E. Houghton's, and will erect a neat residence soon.

—The Presbyterian social will be held this week on Thursday evening at the residence of Mr. T. Casler. All are cordially invited.

—We learn that James Drummond, of Argos, was badly hurt Tuesday by being in some way struck on the head by a lever attached to a reaper.

—Hon. H. G. Thayer has had the old Vineyard House repainted and repaired, and it is now among the neatest looking residences in the city.

—Bonnett & Casler, the grocers, and Mack Alteman, the furniture man, are putting down a new walk in front of their business houses on Michigan street.

—The sisters of St. Michael's Academy will give a dinner at the "Old Blue Ribbon Hall" July 4th and a festival in the afternoon and evening. Everybody invited.

—Plymouth boasts of a City Council, Board of Health and Street Commissioners, and yet she meekly bows her proud head and quietly passes by the disgusting filthy malaria-breeding hog-mallow on Walnut street.

—S. B. Davis, who many years ago was a resident of Plymouth and a typo in THE REPUBLICAN office called on us last week. Mr. Davis is now publishing the Dunkirk (Ohio) Standard, and is, we are glad to know, prospering in his business.

—Jacob Lalmauge, of Center township, has bought a two thousand dollar farm near Newton, Kansas, paying cash, and he and his wife went out there this week. He has a large farm here, but will probably go to Kansas to reside permanently.

—At the special meeting last week, the Commissioners appointed the following physicians to furnish medicines and medical attendance for paupers: North township, Dr. Donelson; Center, Dr. Wilson; Walnut and Green, Dr. Finley Stevens; Union, Dr. O. P. Stevens; West, Dr. Miller.

—Plymouth will not celebrate to-morrow; but we have the great walking match and a shooting match July 12th, the "big show" July 14th, and the "Old Settlers" meeting and the sale of Little Mack's stock of goods July 19th. So you see we are going to have "lots" of fun during the hot weather.

—Isaac Stake, a man 32 years old, without legs or hands which he can use, has been selling pencils, pictures, combs, etc., on the streets this week. He sits in a kind of wagon or truck with his goods around him and when he wants to remove to some other part of town, gets some one to pull his wagon.

—Charles Leonard, who for more than four years has distributed, sent out, and received the mail at the Plymouth postoffice, has left the office and is now in Chicago buying an immense stock of furniture for the new store which he and his father will soon open on LaPorte street. Miss Etta Griffin takes his place at the postoffice.

—We rode out into the country west of town about four miles last Friday afternoon, and found the corn, wheat, oats, grass potatoes, and everything else looking well. We were with S. L. McKelvey riding in a buggy behind his fast pacer, a mare that can "go" about as fast as any other animal of the horse kind in this section of the country or any other.

—A building for a saloon is already going up at the big huckleberry marsh in the north-west part of the county. It ought to be somebody's business to see that such scenes as have been enacted there in former years, are not acted over again. There is no good reason why Marshall county should have a huckleberry marsh that is a disgrace to this portion of the State.

—A man named Johnson, residing at Tyner City was brought to Plymouth recently, charged with selling liquors contrary to law. He took a change of venue and the case went back to Tyner. An important witness being absent a continuance of the case was granted. After the court adjourned Johnson and Murray, the man who had filed the affidavit, concluded to make things lively by a little knock down. Another suit was the result of this.

—The walking match and shooting contest was postponed on account of the rain last Saturday. It has been enlarged and now takes in the entire State provided everybody in the State wants to contest for the fifty dollars to be given to him who walks the most miles in four hours. Thirty-five dollars we believe, is to be given to the man that breaks the most glass balls in the shooting contest. The time for this great match, if it don't rain, will be Saturday, July 12th.

—John Wiltong had a nice new hat Monday morning. Tuesday morning his hat was minus a brim and almost minus a crown. There was a "big rush" for dinner at the bakery Monday, just as there is almost every day, and John did not know until two or three hours afterward that some of his customers had exchanged hats with him. John talked just as pleasantly about it as though nothing had happened and Tuesday morning paid his subscription to THE REPUBLICAN for one year in advance, just as he always does. If the fellow that has John's hat does not bring it back we don't believe he will ever have any peace, either in this world or the world to come.

—At a special meeting of the Commissioners, last Thursday, the contract for building the new jail was let to W. H. Myers, of Fort Wayne. He is to complete the building for \$16,970. There were six bids, as follows: J. W. Perkins, \$17,980; Oliver A. Gridley, \$19,145; A. Campbell, \$19,300; Dickover & Wilson, \$21,000; Garret & Woodruff, \$17,635; W. H. Myers, \$16,970. The jail will be erected on the corner north-east of the court house where J. B. N. King's residence stood until last Tuesday, it having been removed that day to give place for the new jail. Work on the jail will commence next week. It will front east on Center street and south on Madison street.

—Payee Personal.

Our subscribers do not let us forget us during the busy season. There are men who remember that it takes money to run a county paper, even in the busiest, hottest, dustiest times, and among those who have contributed to drive away the blues during the last few days are, Hiram Baker, one of our staunch old subscribers residing a few miles from Plymouth. Everybody knows him, and will be glad if he lives among us a hundred years. Rev. H. E. Butler, one of Donelson's best citizens. J. M. Lowry, who gets his mail at Plymouth says times are pretty hard, but he gives us a dollar to help us along. Then Mrs. L. B. Bush comes in and says, "I want to pay for our paper another year;" we turn to the name of Lewis LaBrush on the list and find that the time will expire in one day. This is the kind of subscriber that makes an editor feel happy. Lawrence Linkenholt, who is a mighty good fellow considering that he is a Democrat, met us on the street and says, "my time expires in a few days, here's the money for another year." We would like to have a thousand such Democrats on our list; if we could not convert them we should try to give them a good county paper, and hope to do them as much good as they do us. Mrs. C. O. Smith, who has long been a resident of Plymouth works away on Michigan street making the girls and matrons happy by furnishing them nice hats, bonnets &c., and makes the printers happy by always paying for her paper. Just so does L. J. Wiseman, who raises the big potatoes, and William Rallaback, one of the best fellows of that name, residing down at Argos, while Thomas Voreis, of Green township takes to himself a free wife, subscribes for THE REPUBLICAN and ought to be as happy during the year as it is possible for mortal to be.

—New Furniture and Undertaking Establishment.

Joseph Leonard and Charles R. Leonard, under the firm name of Joseph Leonard & Son, will this week open a new furniture and undertaking establishment in Buck & Tan's building on LaPorte street, one door west of THE REPUBLICAN office. They will keep on hands furniture of all kinds and a full line of coffins and burial cases. Being experienced workmen they are prepared to repair all kinds of furniture at reasonable prices. When you want anything in their line it will pay you to call and examine their stock before buying elsewhere.

—COMMENCING NEXT SATURDAY the entire stock of Jewelry, Silver and Table wear of the Bee Hive will be offered at the lowest prices ever heard of—this will continue for 15 days only. Embrace the opportunity—go early and make your selections. Every article guaranteed as representative.

—Don't Stop for Hot Weather.

Webber & Kuhn are just as spry as ever; keep on hand Fresh Meats and Fish and in addition have now the finest lot of Sugar Cured Hams and general stock of cured meats to be found in Plymouth.

One of our bloods thought he was too smart for our marshal in road-working time, but after having to pay considerable cost has concluded not to be quite so smart hereafter.

When we go to the front, about once within our children's bones, Here, holy peace and happiness, And gentle, patient, joyous peace, Have guided us with care, And friendship's hand has led, The links that bind the school girl's heart, Must now be severed wide, Our paths have blended long in one, They cannot thus be torn, Office more fate bids them all diverge; They may not meet again, We go into the busy world, To seek scenes of care and mirth and vice; And sinners have blended long in one, Our footsteps may entice, But memory, hush, hush, hush, here, And then 'mid dangers dark The light of others will come, To guide them from the past, A warning voice from out the past Will fall upon the ear, And those we now so fondly love, In duty will depart, Again we'll see them gentle tones And words of counsel given, Again we'll see them stand as now And point us up to heaven, Let them the seeds of truth and virtue Within the garden of our souls, Like golden fruit be sown, Now, farewell kind teachers, friends, We bid you all adieu; Loved scholars, companions dear, A last farewell to you, Farewell, farewell, farewell, Where we no more shall roam, Farewell, loved nuns and grounds, Where we no more shall roam, Our minds in heaven roam, Will all be vacant soon, Before this holy shrine, Oh! I shall we ever part, Farewell, farewell, farewell, Where we no more may roam, Farewell, each cherishing scene, Farewell, "Academy."

The Great Show Coming. W. W. Cole's Great New York and New Orleans Menagerie, Circus and Congress of Living Wonders.

The above institution comes on July 14th, preceded by most favorable mention from the press of other places. It is credited with magnificence, novelty, elegance, enormous size, animals without number, art displays and wonderful performances. Its bill of fare is a parade in spoken of as a pageant of royal grandeur.

The greatest novelty presented, however, will be the tallest man and woman in the world, whose statistics show to be veritable giants—man and wife, Capt. and Mrs. M. V. Bates, each 7 feet 11 inches high; he 32, she 29 years of age; combined weight one half ton. Now for the first time on exhibition in this country. Just from England, where Royalty preside, and the world's gaze is riveted on the watches and jewelry, as presents from Queen Victoria. Both symmetrical in form, fine features, and undoubtedly great curiosities. No extra charge to see the giants.

The establishment has herds of camels and elephants to draw its mammoth wagons; travels two bands, also a steam band; has a troupe of trained horses, who perform together at one and the same time in the ring; has leaping horses, riding monkeys, riding goats, performing deer; has two ponies that perform the see-saw feat, has a man who can front a loaded cannon, it is discharged and he catches the ball but with his hands—not his body. Has a mammoth circus company, travels its own railroad cars and has a troupe of bill and pamphlets, and remember the date, Monday, July 14th.

The Bee Hive store has permanently located here. They are doing a rushing business, giving great bargains in all kinds of goods. Their 3, 5, and 10 cent counters are immense—adding new and useful articles every day. It is money in your pocket to trade at the Bee Hive. Look at advertisement in another column.

For Trade.

Forty-one acres, five acres in corn and fenced, for a good team and some money; also some town and city property for sale and trade at ruinous rates.

DR. BORTON.

Original.

The process adopted by Dr. Price in making his Special Flavoring Extract is original. By this process the fruit is caused to produce flavorings of the finest quality, retaining the freshness of fruit, so concentrated that a small quantity produces each characteristic flavor.

Who has not heard of Frank Harburg, of the Fifth Avenue Theatre, New York, (Bag Money Jim in "Pique") He says, I always use Gilles' Liniment Iodide Ammonia; it is a wonderful remedy for pain, especially inflammatory rheumatism, sore throat, enlarged joints and varicose veins from which I suffered; was cured by its use.

Gilles' Pills cures Biliousness. Sold by G. Blain & Co. Send for pamphlet. Trial size 25 cents. DR. GILES.

28-29 120 West Broadway, N. Y.

Take Warning.

Directly across each bronchial tube where it enters the lungs, are about 30,000 minute air cells—in the entire lungs about 600,000,000. A slight cold producing bronchial inflammation, a gathering of phlegm and a slight difficulty in breathing quickly involves the 30,000 air cells and finally if not remedied the whole six hundred millions become clogged with pus which must be healed or life will soon terminate. The world's great lung remedy, Dr. King's New Discovery for Consumption, readily heals and permanently cures the very worst cases of lung diseases, Coughs, Colds, tickling in the throat, Asthma, Hoarseness and difficulty of breathing in the shortest time possible. Trial bottles ten cents. For sale by L. Tanner also G. Blain & Co. Plymouth.

Johnston's Extract Sarsaparilla.

This preparation, advertised in another column, recommended as it has been by the Medical Faculty of Detroit, is freed from the often well grounded prejudices against nostrums. We therefore, with pleasure, announce our belief in this efficacy for the cure of those diseases for which it purposes to be intended. For sale by L. Tanner.

—Our thanks are due Mr. Rogers, residing west of town, for a box of very fine raspberries. He has a large quantity of the same kind for sale.

To the Ladies of Marshall County.

I will sell you as good a sewing machine at my store in Plymouth for \$25, as any agent will offer you at your homes for \$35 or \$45. I will not go out with horse and wagon and charge you fifteen or twenty dollars more for a machine than it is worth; but I will give all the attachments and warrant every machine for three years, for the small sum of twenty-five dollars cash. Don't forget the place.

That they will be able to get through life happily we have no doubt, for the cake sent in this office by the bride shows that she knows how to prepare household duties and Mr. Voreis shows his ability, by subscribing for THE REPUBLICAN when he commences wedded life. May they live long in the enjoyment of all that is necessary to make them happy.
